

OSM/EE DECISION SHEET

Category	Standard:	Clause	Document no.
ITAV	EN 62368-1:2014 + A11:2017 EN IEC 62368-1:2020 + A11:2020	6.5.1	23/2
Subject	Key words	Meeting	
Flammability of internal wiring	Internal wire VW-1	Copenhagen 12-13 April 2023	
Question			
Internal wire in PS2 or PS3 circuit is completely tubed with VW-1 rated tube. Does the wire still need to comply with requirements of this clause?			
Decision			
It is the opinion of OSM-EE that since wire is completely tubed with VW-1 rated tubing, it is not needed to apply additional requirements of this clause.			
OSM-EE to take the decision to TC 108 HBSDT for confirmation			
Explanatory notes
